Ask yourself...

- Am I on track? (Will I have 16 credits at the end of this year?) If not, what's my plan to catch up?
- What additional compulsory courses will be met with my current timetable?
- What compulsory courses do I need to look after next year?
- What Grade 11 courses are prerequisites for the Grade 12 courses I will need for my pathway?

Notes Legend

S — Extraordinary Circumstances
I — Interdisciplinary Studies
C — Cooperative Education
F — French: Core, Extended or Immersion

M — Modified Curriculum
A — Alternative Expectations
E — Equivalent Credits

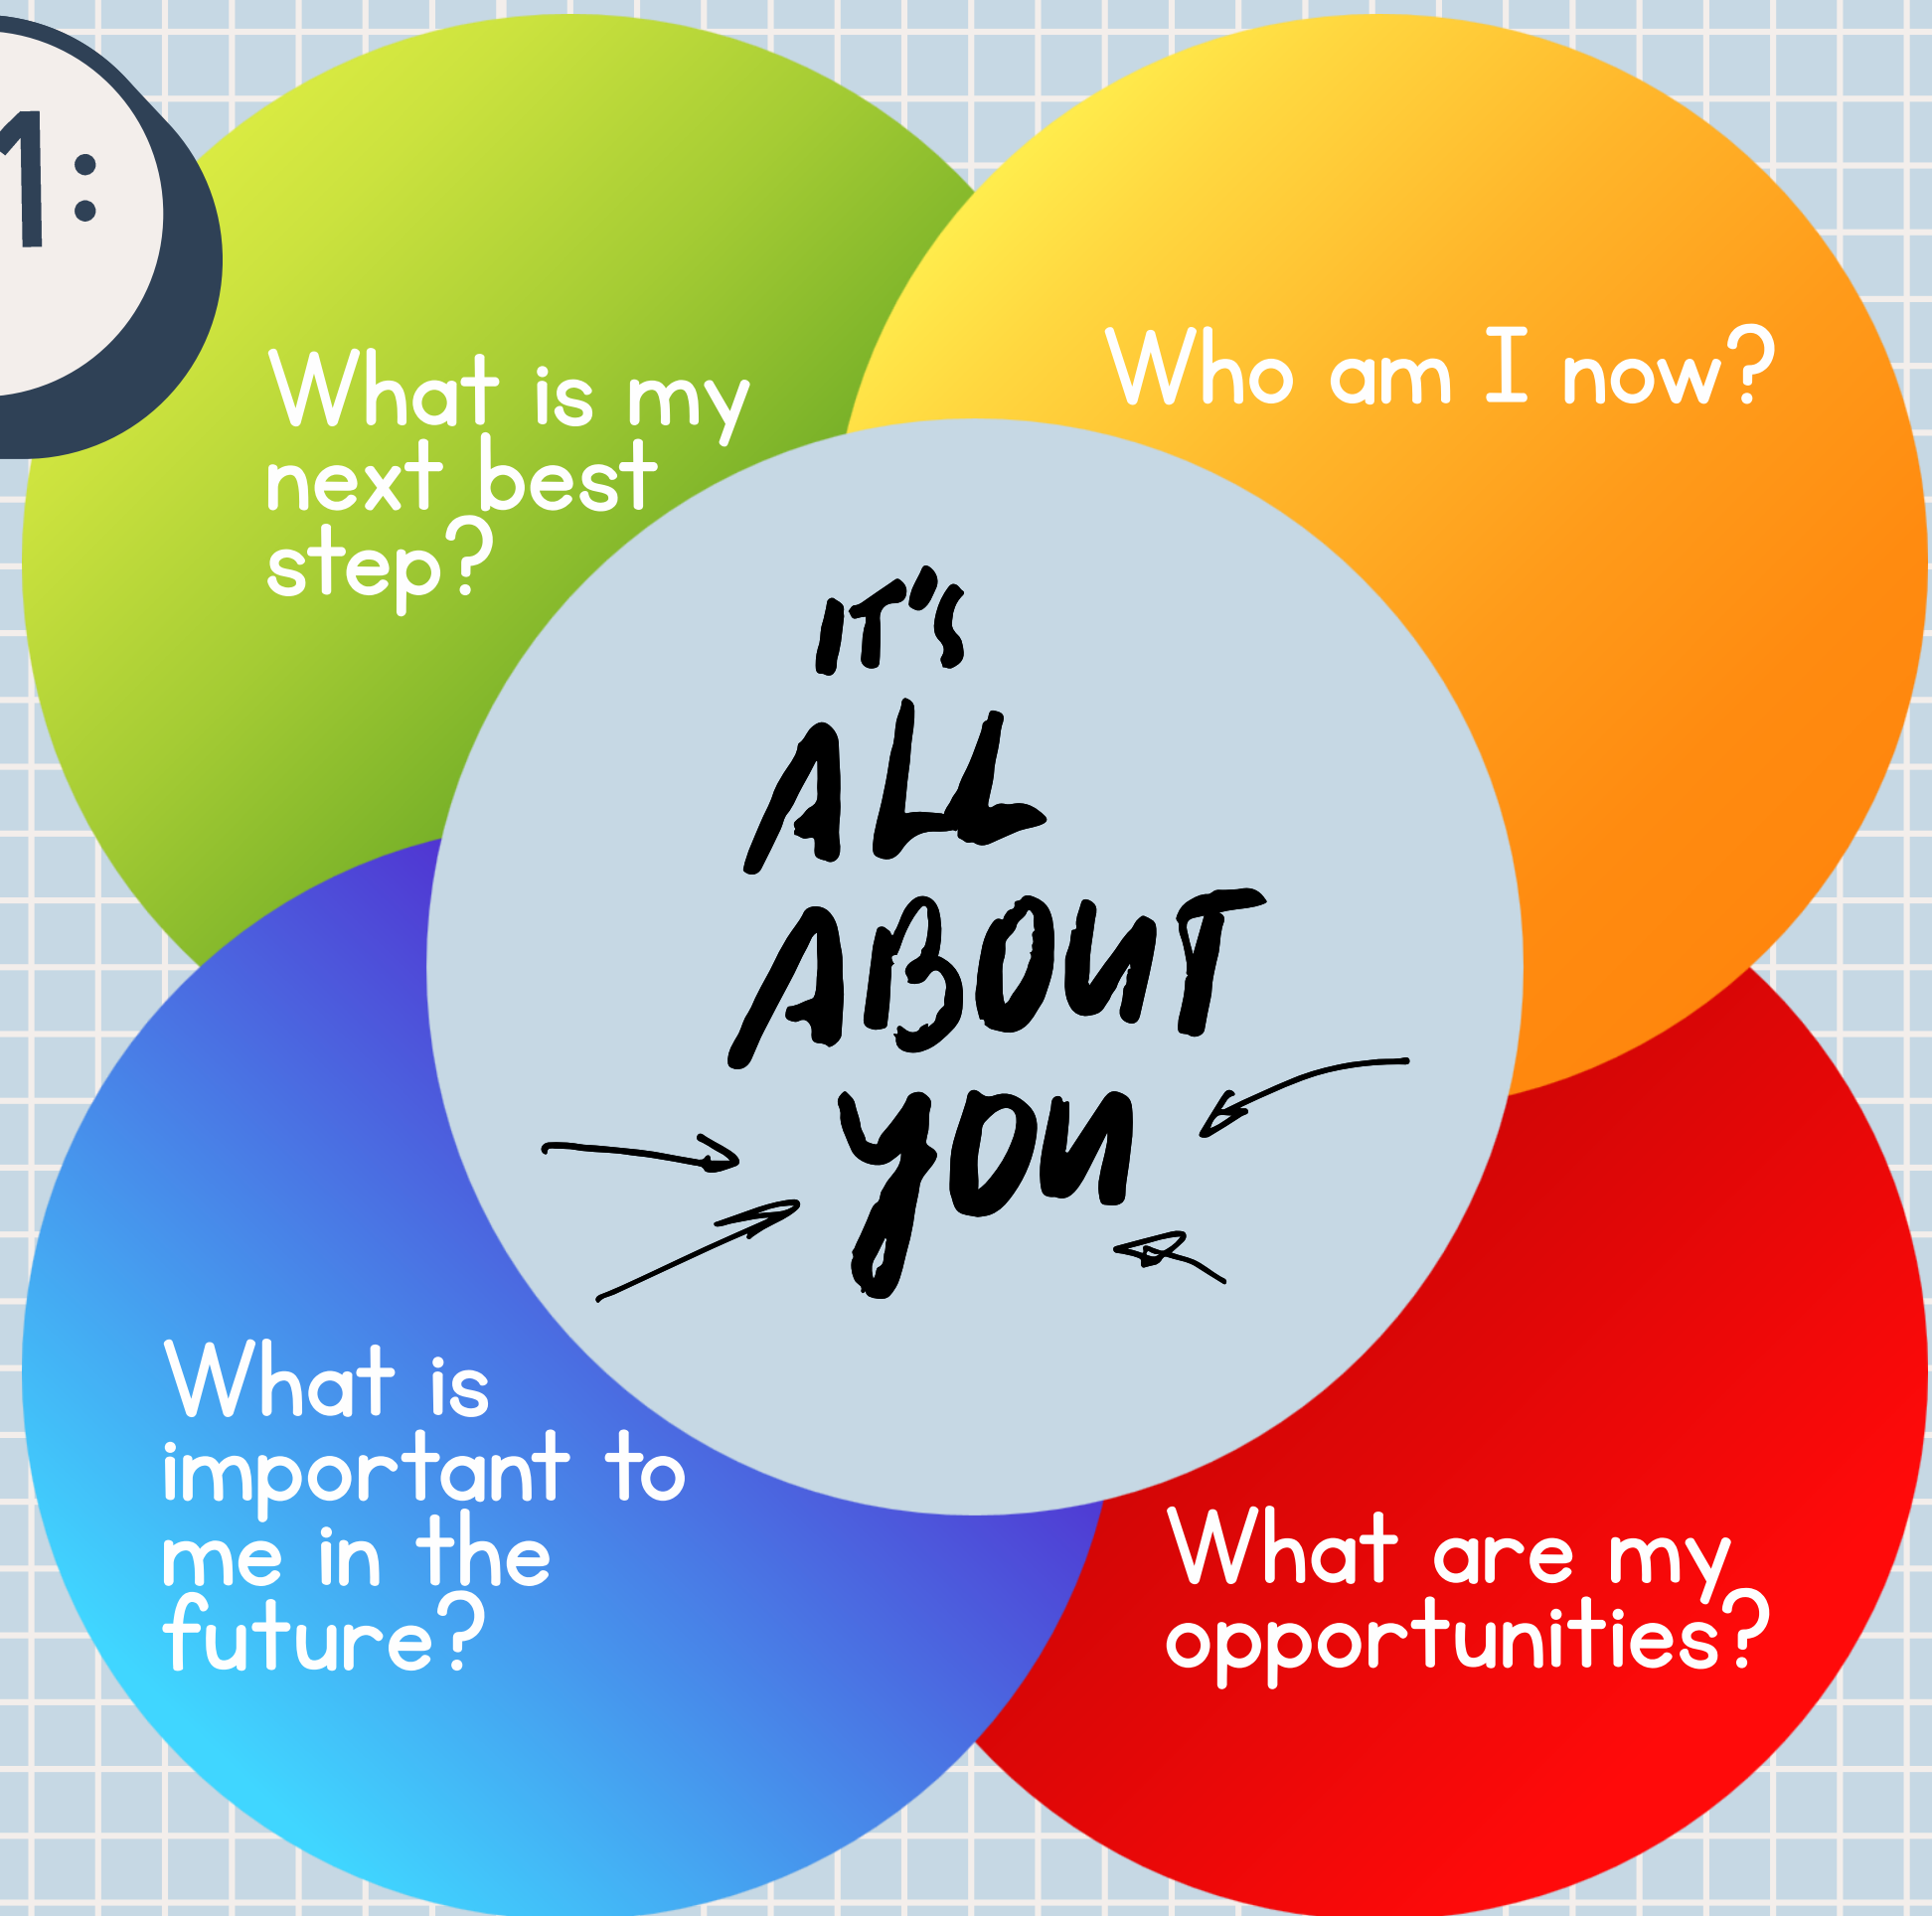

H — SHSM Course
T — Team-taught dual credit
P — Private School
@ — Online Learning Credit

W — Withdrawn
R — Repeated/lower grade
X — Substitution for compulsory credit

Choosing Courses 101:

Work backwards!

1. Think about your ideal future.
2. Research how to get there.
3. Determine the Grade 12 credits you'll need.
4. Select the Grade 11 courses that are prerequisites for the Grade 12 courses you require.

COURSE LISTS:

- ✓ Organized by Grade
- ✓ Courses we are offering (will only run if enough people select them)
- ✓ Start with the “Compulsory Courses” section at the top
- ✓ Use the “Pathway Planning” flowchart to prepare for your destination of choice (Gr. 10 page)

For out-of-Board courses select

VELRNC

leave us a note and follow up in the
Spring to complete registration.

E-Learning courses are another way that the LDSB is providing educational options to help meet the varied needs of our students. Delivered through our Minds Online Virtual Learning Environment, e-Learning courses provide students with access to a wider selection of course offerings and increased learning flexibility.

In addition to LDSB hosted courses, the Limestone District School Board is a member of the Ontario e-Learning Consortium (OeLC), providing our students with access to a wide variety of e-Learning courses offered through secondary schools from across Ontario.

The Ministry of Education has issued a new online learning graduation requirement, effective February 1, 2022 which requires students to complete two online courses prior to Graduation. Students in Grade 10 during the 2021-2022 school year are the first group of students required to complete the new e-learning graduation requirement. LDSB students will complete their e-learning course requirement in their grade 11 and/or 12 year unless students select to complete the requirement during summer session.

Students will use myBlueprint to select the LDSB online courses (VLDSBO) they are interested in from the selection below. If you are interested in additional opportunities through the Ontario elearning Consortium (OeLC) please indicate this by selecting OeLC Consortium placeholder (VELRNC) and your guidance counsellor will connect with you about available options when course offerings are available for the 2026-2027 school year.

WHAT YOU NEED TO KNOW

What is the Ontario elearning Consortium (OeLC)?

The OeLC is comprised of a collective of Ontario School Boards, each offering a selection of course options. There are no course fees and students can be scheduled in both their home school and the OeLC. <https://ontario.primsis.com/oelc>

Can my student "opt out" of the mandatory Online Learning Requirement?

Parent/Guardians who determine they want to opt their student out of the mandatory online learning credits, will have the option to complete the opt out form during the students' graduating year. The opt out form can be accessed [here](#) or from school guidance counsellor.
