apprenticeship	<u>GENERAL INFO:</u> <ul style="list-style-type: none"> ✓ A hands-on training program in the Skilled Trades ✓ About 80% of apprenticeship training involves on-the-job training and the independent practice of skills through a registered sponsor/employer ✓ About 20% of training involves formal academic study, most often at a college (roughly 800+ hours)
	<u>QUALIFICATIONS:</u> <ul style="list-style-type: none"> ✓ An Ontario Secondary School Diploma (OSSD) ✓ Grade 12 English and Math are also strongly recommended ✓ <i>Related</i> education and work experience are very important
	<u>MOST COMMON ROUTES TO AN APPRENTICESHIP:</u> <ul style="list-style-type: none"> ✓ Most apprenticeships take between 2 and 5 years ✓ The “traditional route” to apprenticeship involves finding an employer sponsor. Once you are 18 years of age, you can register online with the Ministry of Labour, Training and Skills Development. If your application is approved, the Ministry creates a training agreement for you and your sponsor and registers your apprenticeship. Once this step happens, you have 90 days to apply for Membership with the Ontario College of Trades – which is a requirement to begin work as an apprentice. Students under the age of 18, must complete a hard copy of the application and have the consent of a parent or guardian. ✓ Students without an employer connection may consider the “college route” into an apprenticeship. This route involves applying to a Skilled Trades diploma program at a college which often includes a hands-on, placement component. After completion of the program, employer sponsorship is sought and the above process can begin.
	<u>SPECIAL NOTES:</u> <ul style="list-style-type: none"> ✓ While in high school, students can begin an apprenticeship through the Ontario Youth Apprentice Program (OYAP). ✓ Expanded Opportunities such as Coop credits, Dual Credits, Specialist High Skills Major (SHSM), can also be very beneficial in preparing for an apprenticeship

cont.	<ul style="list-style-type: none"> ✓ There are many provincial and federal supports for apprentices.
